

**COST SAVINGS.** BRIDGE DOCUMENTS' EMDAT system is able to offer three different ways to reduce direct and indirect costs associated with getting reports back to referring associates and clients.

**CONTROL.** With BRIDGE DOCUMENTS' EMDAT system **you** have the ability to track your dictation and transcriptions and generate a myriad of reports, all in real time.

**ACCESS.** With BRIDGE DOCUMENTS' EMDAT system you can access all of your information on our secure server using the Internet from anywhere in the world, anytime of day. Also, all transcriptions are kept securely online and searchable for as long as you utilize **BRIDGE DOCUMENTS**, so you can effortlessly find the information you need, when you need it.

**COMPLIANCE.** BRIDGE DOCUMENTS' EMDAT system meets or exceeds the security requirements set forth by the Health Insurance Portability and Accountability Act of 1996 (HIPAA). A complete audit trail of all actions performed on the system is always available.

**SECURITY.** Because your information is stored on several servers, your dictation is safe, no matter power outages or natural disasters.

## FAQ's

**How does BRIDGE DOCUMENTS control my costs?**

**BRIDGE DOCUMENTS' EMDAT** system lowers your costs in three ways:

- Creating dramatic workflow efficiencies
- Eliminating the courier and staff fees of a paper-based system
- Standardizing the definition of a "line"

**How can BRIDGE DOCUMENTS improve my dictation and transcription process?**

CHS's EMDAT system improves the workflow of your dictation and transcription process by increasing efficiency and decreasing time-spent on the entire process, all the while giving you access to monitor the workflow.

**How long does it take to get the BRIDGE DOCUMENTS' EMDAT system in place?**

Typically in 2 weeks or less you are up and running a customized e-dictation and transcription system.

**Will BRIDGE DOCUMENTS' EMDAT system interface with my Electronic Record?**

**Yes— EMDAT is seamlessly compatible with every EMR/EHR system in operation.**

**How does BRIDGE DOCUMENTS' EMDAT insure HIPAA compliance?**

Using our 128-bit encrypted technology, your transcriptions are secure 24/7 to insure HIPAA compliance.

**Does BRIDGE DOCUMENTS train my staff and me on the system?**

Because **BRIDGE DOCUMENTS' EMDAT** system is so simple to learn, your staff will be using EMDAT after less than one day of phone training.

**How much does it cost to use BRIDGE DOCUMENTS' EMDAT system?**

If you use in-house transcription or secretarial services, you can use the software on a pay-as-you-use basis. If you outsource your transcription, you are only charged per line for your transcriptions; there are **no upfront fees** for the EMDAT system infrastructure and no costs for the software.

**How do I access my transcripts?**

You can view your transcripts online 24/7 for as long as you are a **BRIDGE DOCUMENTS** customer, even back to the first day.
